**Ref.: Our letters dated 11<sup>th</sup> April, 2016 and 12<sup>th</sup> September, 2016**

Dear Sir,

**Sub: Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (LODR) Regulations**

The Company had vide its letter dated 11<sup>th</sup> April, 2016 informed the exchanges that it has signed an MOU with Sanjana Cryogenics Storage Ltd (SCSL), its Ammonia Terminal Operator, for re-routing a portion of the ammonia pipeline that runs from the Haldia Dock to the Ammonia Storage tank. This has been done at the directive of Kolkata Port Trust for facilitating the set up a Multi-Modal Terminal Hub at Haldia by Inland Waterways Authority of India (IWAI). In the said letter, it was informed that pipeline re-routing activity was likely to cause a shutdown of operations by about 5 weeks in September-October, 2016 due to interruption of ammonia supply to the TCL-Haldia phosphatic fertiliser plant.

Later, it was informed vide our letter dated 12<sup>th</sup> September, 2016 that the expected pipeline re-routing will be scheduled in the month of February - March, 2017 for about 5 weeks.

Further to our aforesaid letters, we wish to now inform you that the Haldia plant will remain shut from 21<sup>st</sup> February, 2017 to 15<sup>th</sup> April, 2017 on account of ammonia pipeline relocating project hook up and commissioning, along with annual shutdown of the plant for planned repair and maintenance work.

The Company operates a Fertiliser plant at Haldia which, inter alia, manufactures DAP, SSP and complex NPK fertilisers wherein ammonia is used as one of the feedstock.

This is for your information and records.

Thanking you,

**Yours faithfully,  
For Tata Chemicals Limited**

**(Rajiv Chandan)  
General Counsel & Company Secretary**
