Siddha Sadhya

Siddha is done, and Sadhya is phappen and are missed over the years. Some of these are planned, worked on, and attained. Others are planned, but the implementation takes a different shape, and, finally, when the fruit is obtained, it is different from the original. On some occasions, Siddha is detested, and a bitter result gets presented, resulting in active abhorring. This bitterness my last longer than necessary in many cases.

The property of the mountainous outstanding Karma called Sanchita, a small portion gets earmarked for this life. This is called Prarabdha, We also act in the current form, creating Karma, which becomes "Agam", or futuristic. Often without knowing the Sadhya nature of any activity, we commit ourselves. We become passionate and invest energy and time and stake most of it. At times, the result might be in our favour. However, sometimes it might also happen that it is not to our liking. Thus, the Sadhya which we planned or expected turned out to be 'not-5 siddha'. A huge opportunity cost.
