

Tata Chemicals Magadi Tertiary Education Committee Welcomes New Members

The Tata Chemicals Magadi Tertiary Education Committee recently held a ceremony to celebrate the successes achieved through its initiatives over the years.

Under the leadership of Chairperson Dr. Stephen Moiko, the committee reflected on its progress and explored strategies to enhance the selection process for awarding bursaries to talented students in the community.

The company provides 25 fully funded annual scholarships to support outstanding and deserving students from the Magadi Community and the broader Kajjado County as they pursue various degrees in the arts and sciences at universities across the country. Since its establishment in the early 90's, the program has enabled over 300 students to access quality education.

Candidates for the bursaries are chosen through a competitive and transparent process that involves both management and community leaders. The Bursaries Committee includes independent members representing the County Government via the Director of Education, local community leaders from the Magadi Division, representatives from the wider Kajjado County, the Tata Chemicals Magadi Board of Directors member responsible for community affairs, as well as the company's Community Liaison Officer and Community Manager.

During the ceremony, the company acknowledged and celebrated the contributions of long-serving committee members, including Mrs. Priscilla Nangurai, who has been with the committee since 1993, and Mr. Michael Saoina, for their exceptional service to the community. The committee also welcomed Ms Sipilon Timoi and Dr. Josia Saoina as its newest members.

Members of the Committee at the function

The TCML Tertiary Education Committee Chairman Dr. Stephen Moiko presents an award to Mr. Michael Saoina for his distinguished long and service on the Committee

The TCML Vice Chairman Dr. Titus Naikuni with from left Retired Senior Chief Saiyanka, Sipilon Timoi and Sophia Kisau during the function.

TCML Board Vice Chairman Dr. Naikuni presents a gift of appreciation to Mrs. Priscila Nangurai, a long serving member of the committee.
