

Independent Auditors' Report**To the Members of
NCourage Social Enterprise Foundation****Report on the Audit of the Financial Statements****Opinion**

We have audited the financial statements of NCourage Social Enterprise Foundation (“the Company”), which comprise the balance sheet as at 31 March 2026, and the statement of income and expenditure (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (“Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of relating to the liquidation basis of accounting, of the state of affairs of the Company as at 31 March 2026, and its income and expenditure and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 1 to the financial statements, which explains that in view of decision of the Board of Directors to strike off the Company from the Registrar of Companies (‘ROC’) register, the going concern assumption is not appropriate for the preparation of financial statements of the Company as at and for the ended 31 March 2026. Accordingly, the financial statements of the Company have been prepared on a liquidation basis i.e. assets are measured at lower of carrying amount and estimated net realisable values and liabilities are stated at their estimated settlement amounts in the financial statements.

Our opinion is not modified in respect of this matter.

Registered Office:

Independent Auditors' Report (Continued)

NCourage Social Enterprise Foundation

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, income or expenditure and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, relating to the liquidation basis of accounting, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. In the present case the Board of Directors intends to strike off the Company from the Registrar of Companies ('ROC') register.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent Auditors' Report (*Continued*)

NCourage Social Enterprise Foundation

Auditor's Responsibilities for the Audit of the Financial Statements (*Continued*)

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management and Board of Directors use of the going concern basis of accounting in the preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern. In the present case, liquidation basis of accounting has been used since the management and Board of Director have concluded that the use of going concern basis is not appropriate in the facts and circumstances as stated in Note 1 to the financial statements.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. This Report does not include a statement on the matters specified in paragraphs 3 and 4 of the Companies (Auditors' Report) Order, 2020 ('the Order') issued by the Central Government in terms of Section 143 (11) of the Act since the Order is not applicable to the Company, being a Company licensed to operate under Section 8 of the Companies Act 2013, as specified in paragraph 1(2) (iii) of the said Order.

Independent Auditors' Report (Continued)

NCourage Social Enterprise Foundation

Report on Other Legal and Regulatory Requirements (Continued)

2. (A) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The balance sheet, the statement of income and expenditure (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act as applicable to liquidation basis of accounting.
 - e) The matter that financial statements have been prepared on a liquidation basis as described in the Emphasis of Matter paragraph above, in our opinion, has an adverse effect on the functioning of the Company.
 - f) On the basis of the written representations received from the directors as on 1 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
 - g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a) The Company does not have any pending litigations which would impact its financial position.
 - b) The Company did not have any long-terms contracts, including derivative contracts, for which there were any material foreseeable losses.
 - c) There are no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d) i) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 29 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - Directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
 - Provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

Independent Auditors' Report (Continued)

NCourage Social Enterprise Foundation

Report on Other Legal and Regulatory Requirements (Continued)

ii) The management has represented, that, to the best of its knowledge and belief, as disclosed in the note 29 to the financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- Directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Parties or
- Provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries

iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d) (i) and (d) (ii) contain any material misstatement.

- e) The Company neither declared nor paid any dividend during the year.
- f) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

(C) With respect to the matter to be included in the Auditors' Report under Section 197(16):

In our opinion and according to the information and explanations given to us, the Company has not paid any remuneration to its directors during the current year. Accordingly, provisions of Section 197 of the Act relating to remuneration to directors are not applicable.

Annexure A to the Independent Auditors' report on the financial statements of NCourage Social Enterprise Foundation for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2A(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of NCourage Social Enterprise Foundation ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Annexure A to the Independent Auditors' report on the financial statements of NCourage Social Enterprise Foundation for the year ended 31 March 2026 (Continued)

Auditors' Responsibility (Continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Ncourage Social Enterprise Foundation
Notes forming part of the financial statements

1. Corporate information

Ncourage Social Enterprise Foundation (referred to as "the Company") has been incorporated on December 08, 2017, as a public company registered under Section 8 of the Companies Act, 2013 ('the Act'). The Company has been incorporated to act as a social enterprise to initiate, undertake, plan, implement, promote, aid and assist, activities directed towards enhancing the quality of life of people, without reference to caste, creed, religion, race or sex and to seek ways and means to serve society that help in solving basic human needs including water, sanitation, health & nutrition, food & agriculture, shelter, clean energy, education and skills, management of natural resources, empowerment and sustainable livelihoods.

The Company is incorporated and domiciled in India. The address of its registered office is VIOS Tower, 23rd Floor, New Cuffe Parade, Off Eastern Freeway, Wadala, Mumbai- 400037. The Company is a wholly owned subsidiary of Tata Chemicals Limited which is a listed entity in India.

Going Concern

During the financial year ended 31 March 2026, the Company had a total income of Rs. 36.91 Lakhs (31 March 2025: Rs 225.24 Lakhs) and loss of Rs. 2.19 Lakhs (31 March 2025: profit after tax Rs. 173.70 Lakhs). As at 31 March 2026, the accumulated losses were Rs. 261.43 Lakhs which have eroded paid up equity capital of Rs. 255 Lakhs. Further, the liabilities exceeded its total assets by Rs. 6.43 Lakhs. The Company has ceased its operations and is in process of taking the appropriate steps for striking off the Company from the Registrar of Companies ('ROC') register. Accordingly, these financial statements have been prepared on a liquidation basis. All the liabilities are valued at an amount actually payable to whom the liability is owed by the Company. All other assets are carried forward at realisable value as best estimated by Company's Management.

2. Summary of basis of compliance, basis of preparation and presentation, critical accounting estimates, assumptions and judgements and Material accounting policies

2.1 Basis of compliance

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015.

The financial statements comply, in all material aspects, with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act as applicable to liquidation basis of accounting.

2.2 Basis of preparation and presentation

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis but amended to reflect the fact that the 'going concern' assumption is not appropriate.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the 2013 Act. The Company has considered an operating cycle of 12 months.

Ncourage Social Enterprise Foundation
Notes forming part of the financial statements

2.3 Critical accounting estimates, assumptions and judgements

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent liabilities at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised, and future periods are affected.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying values of assets and liabilities within the next financial year are discussed below.

2.3.1 Deferred income tax assets and liabilities

Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

The amount of total deferred tax assets could change if management estimates of projected future taxable income or if tax regulations undergo a change.

2.3.2 Useful lives of property, plant and equipment ('PPE')

Management reviews the estimated useful lives and residual value of PPE at the end of each reporting period. Factors such as changes in the expected level of usage, technological developments and product life cycle, could significantly impact the economic useful lives and the residual values of these assets. Consequently, the future depreciation charge could be revised and may have an impact on the profit of the future years.

2.4 Property, plant, and equipment

An item of property, plant, and equipment (PPE) is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or services it and subsequently carried at cost less accumulated depreciation and accumulated impairment losses, if any.

Machinery spares that meet the definition of PPE are capitalised and depreciated over the useful life of the principal item of asset.

All other repair and maintenance costs, including regular servicing, are recognised in the Statement of income and expenditure as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Depreciation methods, estimated useful lives and residual value

Depreciation on PPE is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives.

Schedule II to the Companies Act 2013 prescribes the useful lives for various classes of assets. For certain class of assets, based on technical evaluation and assessment, Management believes that the useful lives adopted by it reflect the periods over which these assets are expected to be used. Accordingly for those assets, the useful lives estimated by the management are different from those prescribed in the Schedule. Management's estimates of the useful lives for various classes of Property, Plant and Equipment are as given below:

Asset	Useful life
Plant and Machinery	1-8 years

Encourage Social Enterprise Foundation
Notes forming part of the financial statements

Useful lives and residual values of assets are reviewed at the end of each reporting period.

Losses arising from the retirement of, and gains or losses arising from disposal/adjustments of PPE are recognised in the Statement of income and expenditure.

2.5 Financial instruments

2.5.1 Investments and other financial assets:

Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income ('OCI'), or through income and expenditure), and
- those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in the Statement of income and expenditure or through OCI. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through OCI.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

Cash and cash equivalents

Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Derecognition of financial assets

A financial asset is derecognised only when the Company.

- has transferred the rights to receive cash flows from the financial asset; or
- retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company transfers an asset, it evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. Where the Company has transferred substantially all risks and rewards of ownership, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the Company has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

2.5.2 Financial liabilities

The Company's financial liabilities comprise trade payables and other liabilities. These are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost using the effective interest rate ('EIR') method. The EIR is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period at effective interest rate. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period.

Changes to the carrying amount of a financial liability as a result of renegotiation or modification of terms that do not result in derecognition of the financial liability, is recognised in the Statement of income and expenditure.

Ncourage Social Enterprise Foundation
Notes forming part of the financial statements

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, its obligations are discharged, cancelled or they expire.

Presentation

Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

2.5.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset when the Company has a legally enforceable right (not contingent on future events) to off-set the recognised amounts either to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

2.5.4 Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value.

2.6 Impairment

Financial assets (other than at fair value)

The Company assesses on a forward-looking basis the expected credit loss associated with its assets carried at amortised cost and debt instruments carried at FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk. In respect of trade receivables, the Company applies the simplified approach permitted by Ind AS 109 - Financial Instruments, which requires expected lifetime losses to be recognised upon initial recognition of the receivables.

Property, Plant and Equipment

The carrying values of assets at each Balance Sheet date are reviewed to determine whether there is any indication that an asset may be impaired. If any indication of such impairment exists, the recoverable amount of such assets is estimated and in case the carrying amount of these assets exceeds their recoverable amount, an impairment loss is recognised in the Statement of income and expenditure. The recoverable amount is the higher of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. Assessment is also done at each Balance Sheet date as to whether there is indication that an impairment loss recognised for an asset in prior accounting periods no longer exists or may have decreased, consequent to which such reversal of impairment loss is recognised in the Statement of income and expenditure.

2.7 Revenue recognition

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on delivery of goods, based on contracts with the customers.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Ncourage Social Enterprise Foundation
Notes forming part of the financial statements

Revenue is recognised on a straight-line basis over the contractual period to which the warranty services relates, up to which point it is recognised as a deferred revenue and contract liabilities.

Other Income

Interest income is accrued on a time basis, by reference to the amortised cost and at the effective interest rate applicable.

Grant income recognised on receipt basis.

2.8 Employee benefits plans

Employee benefits consist of provident fund, gratuity fund, compensated absences, long service awards.

2.8.1 Post-employment benefit plans

Defined contribution benefit plans

Contributions to a Provident Fund are made to Provident Fund authority, Government of India and are charged to the Statement of income and expenditure as incurred. The Company is liable for the contribution payable to members at the rate declared by the Government of India.

For defined benefit schemes in the form of gratuity fund the cost of providing benefits is actuarially determined using the projected unit credit method, with actuarial valuations being carried out at each Balance Sheet date by an independent actuary.

The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as reduced by the fair value of scheme assets.

The present value of the said obligation is determined by discounting the estimated future cash outflows, using market yields of government bonds of equivalent term and currency to the liability.

The interest income / (expense) are calculated by applying the discount rate to the net defined benefit liability or asset. The net interest income / (expense) on the net defined benefit liability is recognised in the Statement of income and expenditure.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling (if any), are recognised immediately in the Balance Sheet with a corresponding charge or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to the Statement of income and expenditure in subsequent periods.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of Profit and Loss as past service cost.

2.8.2 Short-term employee benefits

The short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave and performance incentives which are expected to occur within twelve months after the end of the period in which the employee renders the related services.

The cost of compensated absences is accounted as under:

(a) In case of accumulating compensated absences, when employees render service that increase their entitlement of future compensated absences; and

Ncourage Social Enterprise Foundation
Notes forming part of the financial statements

(b) In case of non - accumulating compensated absence, when the absences occur.

2.8.3 Other long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability. The cost of providing benefits is actuarially determined using the projected unit credit method, with actuarial valuations being carried out at each Balance Sheet date. Long Service Awards are recognised as a liability at the present value of the obligation at the Balance Sheet date. All gains/losses due to actuarial valuations are immediately recognised in the Statement of income and expenditure.

2.9 Segment reporting

The Company has been incorporated under Section 8 of Companies Act, 2013 to promote Projects and / or programs, relating to Corporate Social Responsibility (CSR) in India, which in the context of Ind AS 108 Operating Segments is considered as the only reportable segment. The Company does not have any geographical segments.

2.10 Income tax

Tax expense for the year comprises current and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statement of income and expenditure because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled, or the asset is realised based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction.

Current and deferred tax are recognised as an expense or income in the statement of income and expenditure, except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in OCI or directly in equity.

Uncertain Tax position:

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. The provision is estimated based on one of two methods, the expected value method

Ncourage Social Enterprise Foundation
Notes forming part of the financial statements

(the sum of the probability weighted amounts in a range of possible outcomes) or the single most likely amount method, depending on which is expected to better predict the resolution of the uncertainty.

2.11 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate of the amount can be made. Provisions are determined based on best estimate required to settle the obligation at the Balance Sheet date. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of the money is material). The increase in the provisions due to passage of time is recognised as interest expense. Provisions are reviewed as at each reporting date and adjusted to reflect the current estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

2.12 New and revised Indian Accounting Standards in issue but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2026, MCA has notified amendments in Ind AS 1 Presentation of Financial Statements, Ind AS 7 Statement of Cash Flows and Ind As 107 Financial Instruments: Disclosures, Ind As 12 Income Taxes and Ind AS 21 The Effects of Changes in Foreign Exchange Rates to the Company w.e.f. April 1, 2025. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any impact in its financial statements.

Accrued expenses allowed in the year of payment and on fair value of investments			-	-	-
Depreciation and amortisation			17.81	-	17.81
			77.45	-	77.45

* Deferred tax assets have not been recognised in respect of the following items, because it is not probable that future taxable profit will be available against which the Company can use the benefits therefrom:

	As at 31 March 2026		As at 31 March 2025	
	Gross amount	Tax effect	Gross amount	Tax effect
Particulars				
Deductible temporary differences	58.34	14.68	68.52	17.81
Brought Forward Loss	74.82	18.83	158.09	41.10
Unabsorbed Depreciation	-	-	71.29	18.54
	133.16	33.52	297.89	77.45

Considering the cessation of business operations, deferred tax assets relating to unused tax losses amounting to Rs. 33.52 lakhs (March 31, 2025: Rs. 77.45 lakhs) have not been recognised, as it is not probable that sufficient taxable profits will be available for their utilisation.

The brought forward business losses amounting to Rs 74.82 Lakhs (2025: Rs 158.09 Lakhs) expires on 2030-31 to 2032-33.

During the year, the Company has opted for taxation under Section 115BAA of the Income Tax Act, 1961. Accordingly, the Company has not carried forward the unabsorbed depreciation in the current year.

Note 22: Employee benefit obligations

(a) The Company makes contribution towards provident fund, a defined contribution retirement benefit plan and towards pension fund for qualifying employees. On account of the above contribution plans, a sum of Rs.NIL (2025: Rs Nil/- lakhs) has been charged to the Statement of Income and Expenditure.

(b) The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

All the employees of the company have been transferred to the holding company on 30 April 2024. The Company has transferred the present value of obligation on the date of transfer to the group company while the Company is in the process to transfer balance under plan assets at the reporting date.

The following tables set out amounts recognised in the Company's financial statements as at 31 March, 2026 for the Defined Benefit Plans.

1. Changes in the defined benefit obligation:

Particulars	Rs. In Lakhs	
	As at	As at
	31 March, 2026	31 March, 2025

Note 23: Segment Reporting

The Company has been incorporated under Section 8 of Companies Act, 2013 to promote Projects and / or programs, relating to Corporate Social Responsibility (CSR) in India, which in the context of Ind AS 108 Operating Segments is considered as the only reportable segment. The Company does not have any geographical segments.

Note 24: Disclosure on financial instruments

The material accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognized, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 2(e) to the financial statements.

(a) Financial instruments by category

The carrying value of financial instruments by categories is as follows:

	As at 31 March, 2026			As at 31 March, 2025		
	FVTPL	Amortized cost	Total Carrying Value	FVTPL	Amortized cost	Total Carrying Value
	₹	₹	₹	₹	₹	₹
Financial Assets:						
Trade receivables	-	-	-	-	0.28	0.28
Net defined benefit plan	-	50.54	50.54	-	47.26	47.26
Cash and cash equivalents	-	3.68	3.68	-	13.42	13.42
	-	54.22	54.22	-	60.96	60.96

Other financial liabilities-current	-	47.26	47.26	-	47.26	47.26
	-	47.73	47.73	-	50.13	50.13

NCourage Social Enterprise Foundation
Notes to the financial statements

(b) Fair value hierarchy

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows:

Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2- Valuation techniques for which the lowest input that is significant to the fair value measurement is directly or indirectly observable.

Level 3- Valuation techniques for which the lowest input that is significant to the fair value measurement is unobservable.

The following table provides the fair value measurement hierarchy of the Company's financial assets and liabilities that are measured at fair value or where fair value disclosure is required.

Particulars	Rs. In Lakhs			
	As at 31 March, 2026		As at 31 March, 2025	
	Fair value measurement using		Fair value measurement using	
	Total	Significant observable inputs (level 3)	Total	Significant observable inputs (level 3)
Assets and Liabilities for which fair values are disclosed	-	-	-	-

C) Valuation technique to determine fair value

The following methods and assumptions were used to estimate the fair value of financial instruments:

The management assessed that fair value of cash and cash equivalents, trade receivables, trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

(d) Financial risk management objectives

The Company is exposed to credit risk and liquidity risk. The Company's risk management strategies focus on the un-predictability of these elements and seek to minimise the potential adverse effects on its financial performance. The Company is supported by a Treasury Risk Management Group ('TRMG') of Tata Chemicals Limited which manages these risks.

Credit risk management

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet contractual obligations, and arises principally from the Company's cash/bank balances. The carrying amounts of financial assets represent the maximum credit risk exposure.

The Company maintains cash and cash equivalents in banks / financial institutions that are held in banks / financial institutions that are generally highly rated. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk.

Trade receivables

Trade receivables of the Company are typically unsecured and derived from sales made to a large number of independent customers. Customer credit risk is managed by business unit subject to established policies, procedures and control relating to customer credit risk management. Before accepting any new customer, the Company has appropriate level of control procedures to assess the potential customer's credit quality. The credit-worthiness of its customers are reviewed based on their financial position, past experience and other relevant factors. The Credit period provided by the Company to its customers generally ranges from 0-60 days. Outstanding customer receivables are reviewed periodically.

Financial instruments and cash deposits

Credit risk from balances/investments with banks and financial institutions is managed in accordance with the Company's treasury risk management policy. Investments of surplus funds are made only with approved counterparties and within limits assigned to each counterparty. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

NCourage Social Enterprise Foundation
Notes to the financial statements

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as and when required.

The Treasury Risk Management Policy includes an appropriate liquidity risk management framework for the management of the short-term, medium-term and long term funding and cash management requirements. The Company manages the liquidity risk by maintaining adequate cash reserves, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. The Company invests its surplus funds in bank fixed deposit and liquid schemes of mutual funds, which carry no/negligible mark to market risks.

Particulars	Notes	Total	Payable within 1 year	More than 1 year
As at 31 March 2026				
Trade Payables	13	0.47	0.47	-
