

FIRE SAFETY POLICY

Our Commitment

Tata Chemicals is committed to maintaining a fire safe workplace. We will continually strengthen fire prevention, fire protection, and emergency preparedness measures in our journey towards Zero Harm.

Policy Guidelines

- Maintain all fire protection and emergency response equipment in good working condition and upgrade systems in line with evolving technologies and best practices.
- Comply with all applicable legal and regulatory requirements and adopt recognized best practices in fire prevention, protection, and emergency preparedness.
- Provide awareness, education, and training to employees, contractors, and relevant community stakeholders on fire prevention, emergency preparedness, emergency response, and rescue operations.
- Conduct periodic audits and risk assessments through competent internal and external experts to identify fire hazards, evaluate preparedness, and enhance infrastructure and response capabilities.
- Investigate fire incidents and near misses to identify root causes and implement corrective and preventive actions to reduce future risks.
- Integrate fire safety and emergency preparedness considerations into business planning, operational decision-making, and risk management processes.
