Tata Chemicals Wins India Gold MIKE Award 2026 for Excellence in Innovation and Knowledge Management

Mumbai, 11 September 2026: Tata Chemicals Limited, a global leader in soda ash production and the world's third-largest producer, as well as a leading manufacturer of salt and basic chemistry products, has been recognised as the **India Gold MIKE Award Winner under the National MIKE Award 2026** for its excellence in leveraging knowledge and innovation to create impactful products, services, and solutions. The recognition was awarded by the National MIKE Award's International Review Panel, comprising 35 knowledge management experts from 14 countries.

The award acknowledges Tata Chemicals' strong focus on innovation and knowledge management practices that enable continuous learning, collaboration, and value creation. The Company has built a culture of innovation by empowering its knowledge workers, encouraging transformative leadership, and developing solutions that address customer and stakeholder needs.

Commenting on the achievement, **Dr Richard Lobo, Head – Innovation, R&D, Business Excellence and Chief Ethics Counsellor, Tata Chemicals Limited**, said: *"Being recognised with the India Gold MIKE Award is a proud moment for Tata Chemicals. Our mission and vision are the foundation of our commitment to innovation and excellence as we serve society through science, and this recognition reflects the dedication of our people who continue to drive innovation, continuous improvement, and the application of knowledge and skills to achieve our strategic objectives. We remain committed to nurturing a culture of innovation, creativity, adaptability, and collaborative learning across the organisation. We thank the International Review Panel for this recognition, which motivates our teams to continue their pursuit of excellence."*

The National MIKE Award recognises organisations in India that demonstrate excellence in knowledge management and innovation-led practices. Tata Chemicals has been named an **India Gold MIKE Award Winner**, alongside Afcons Infrastructure Limited, Cognizant Technology Solutions Pvt. Ltd., Kalpataru Projects International Limited, and LTM Ltd, at the National MIKE Award 2026.
